Nex: Values reflected in the included in the terms on some of the stratification tables may not always sum to the totals noted in those stratification tables due to rounding of values at the individual line item levels.

"From 22 Aug 2021 onwards, this stratification table only provides an overview of all "approved Covid-19 related loan repayment holidays outstanding as at the reporting date.

"This stratification table will not be included in future investor reports given the expiry of payment deferral arrangements under the COVID assistance package.

Delinquency statistics have been prepared in accordance with APRA's view of sound practice for the reporting of delinquent leans, including the treatment of loans with hardship as described in APRA Prudential Practice Guide APC 223 (dated February 2017). Reported delinquencies include accounts that are in the serviceability had out period (i.e. leans in hardship which have commenced making their required monthly payments continue to be reported as delinquent until the customer has maintained full repoyments for a period of at least 6 months).
