

# The Dafydd Lewis Trust

## **Benefactor history - Dafydd Edward Lewis: 1866 - 1941**

Dafydd Lewis migrated to Australia from Wales in 1896. He first worked in the drapery field and eventually established himself most successfully in business, with a partner Joseph Love.

He was a man of bold character and an entrepreneur who believed in hard work and education. When he died in 1941 he left an estate to be held as a perpetual trust, to provide scholarships for full time degree courses at a Victorian University.

## **Beneficiaries**

The Dafydd Lewis Trust continues to provide scholarships to boys from government schools who might not have otherwise received a university education due to the limited financial resources of their parents. Multiple scholarships are awarded every year for full-time degrees in most courses at any Victorian university.

## **Trust achievements**

Since its inception over 65 years ago, the trustees have awarded over 900 scholarships. They are firmly committed to expanding the reach of the scholarships and are continuing to look at helping Government schools identify eligible candidates and create an awareness of the opportunities provided by the Trust.
