2. OUR PURCHASING PROCESS

Supplier Code of Practice (SCOP)

As part of ANZ's purchasing process, ANZ is committed to engaging suppliers whose environmental, ethical and social performance is of a high standard. In providing services to ANZ you must comply with ANZ's Supplier Code of Practice. Details of the code and ANZ's expectations can be found here: [ANZ Supplier Code of Practice](#). Any questions regarding the SCOP should be directed to: groupprourement@anz.com

A supplier must be registered in the ANZ Accounts Payable system prior to any procurement transaction. Obtaining a valid purchase order (or PO) from ANZ before delivering goods or services is the best way for ANZ's suppliers to ensure prompt payment.

The lack of an accurate or valid purchase order from ANZ may result in a misunderstanding of requirements and may increase the risk of late payment.

You **must** obtain a valid PO before you provide or deliver any:

- Consulting services to ANZ entities; or
- IT related services and products to ANZ entities- eg. Hardware, software or network services (including telecommunications services).

You will receive ANZ's official PO either:

- By email from ANZ Operations <anoperat@in.ibm.com>, (if you are not registered in the Ariba supplier network); or
- Electronically via our procurement tool Ariba for suppliers who are registered in Ariba supplier network.

Tip: Please ensure you are able to receive emails from this address, or check your spam/junk folder.

If you **haven't received a PO** contact **ANZ Buy and Pay Helpdesk** to see if one is needed before providing goods or services (1800 770 373).

An ANZ PO will include:

- PO number. This **must be referenced** on all invoices and delivery notes
- Contract number (if applicable)
- Which ANZ legal entity and ANZ invoice contact is issuing the PO
- ANZ delivery address, where the goods are to be shipped/or services to be undertaken
- ANZ billing address
- Description of goods or services requested, and the agreed purchase price
- Shipping instructions (if applicable) which comply with our purchasing terms and conditions for health, safety and environment requirements

- The link to our purchase order terms and conditions provided below to refer to ANZ standard terms and conditions of purchase
[ANZ Standard Terms and Conditions of Purchase | ANZ](#)
- Any other additional requirements to facilitate payments that have not already been stated in the contract.

When a purchase order is not required:

- Donations, sponsorships and charities.
- Insurances, Utilities, some Government departments
- Credit memos not relating to Purchase Orders.

- Purchase order number – to be on every box, if multiple boxes in shipment.
- Supplier's name and address.
- ANZ contact name, address and ANZ Business Unit.

Please send all invoices ONLY to ANZ-APIInvoice@zircodata.com.au

4. OUR INVOICING PROCESS

Please send accurate invoices to ANZ as soon as delivery is made. ANZ will match the invoice with the original order and delivery or service receipt before approving it for payment.

What could go wrong?

Incomplete information or invoice details which are different to the delivery documentation or purchase order may result in additional queries and delayed payment.

Tip: Double check the accuracy of invoices before submitting them to ANZ.

Send invoices to the right place

It is important that invoices are directed to ANZ's accounts payable team (not to the ANZ staff member requesting the goods or services), as it could result in additional queries and delayed payment.

Invoices can be sent to ANZ's accounts payable team through Ariba Network.

Or by email to ANZ-APInvoice@zircodata.com.au or by post.

Tip: It is recommended that where possible you register for an Ariba Light Account as this invoice submission process will result in timely processing and payment of your invoices.

Please refer to the **below guidelines** to know the mode of invoice submission in further detail:

a) **Through the Ariba Network** -(Suppliers who have a fully enabled account in the Ariba Network)

Suppliers registered with Ariba must submit all invoices through the Ariba Supplier Network (ASN).

Please dial 1800 766 694 or +1 412 222 6855 for assistance with your Ariba profile and invoice submission.

b) **Through the Ariba Light Network** (suppliers that are registered with Ariba Light functionality)

Suppliers registered with Ariba Light functionality must submit all invoices through the Ariba Light Network.

ANZ is enabling Ariba Light registrations as it is moving to a new invoice submission process that will result in simpler and faster payment of your invoices. This will make it easier for you to manage your invoices with ANZ. The new invoice payment process allows electronic invoicing so ANZ can send you POs from SAP Ariba and you can invoice against them directly in the system.

What are the benefits for you?

As part of the new invoice submission process you will need to register for an Ariba Light Network account providing you with the following **functionality** (current as at the date of publication of this Guide):

- ✓ Receiving electronic purchase orders from SAP Ariba via email

- ✓ Submitting invoices via the web portal to be sent directly to the ANZ requestor (no need to send to the scanning centre first).
- ✓ Visibility of your invoices (you will receive email notifications when invoice status changes)

Registering for Ariba Light Network account does not incur additional costs.

To get started, **you need to register for an Ariba Light Network Account.**
