

# Investment Option Summary

## ANZ Smart Choice - Australian Equities

October 2013

### Description

This investment option is designed for investors who are looking for exposure to the Australian share market.

### Investment objective

This investment option seeks to match the return (including income and capital appreciation but before fees, charges and taxes) of the S&P/ASX 300 Total Return Index.

### Investment strategy

This investment option will have an exposure to most of the shares in the index, allowing for individual share weightings to vary marginally from the index from time to time. The portfolio may invest in securities that have been or are expected to be included in the index. Derivatives are not utilised to leverage the portfolio.
