

Investment Option Summary

ANZ Smart Choice - Global Fixed Interest

October 2013

Description

This investment option is designed for investors who are looking for hedged exposure to domestic and global bond markets.

Investment objective

This investment option seeks to match the return (including income and capital appreciation but before fees, charges and taxes) of the weighted exposure to the underlying Indices, which represents hedged exposure to global and domestic fixed interest securities.

Investment strategy

This investment option aims to have exposure to both domestic and global bond Indices. The weightings may vary marginally from the indices from time to time. Derivatives are not utilised to leverage the portfolio.

Minimum time horizon

3-4 years
