

## Verification Statement from LBG Australia/New Zealand

The LBG model helps businesses improve the measurement, management and reporting of their corporate community investment programs. It covers the full range of contributions (cash, time and in-kind donations) made to community causes, and assesses the results achieved for the community and for the business.

As managers of LBG Australia/New Zealand, we have worked with ANZ to review its understanding and application of the LBG model in respect of the wide range of community programs supported. Our aim has been to ensure that the evaluation principles have been correctly and consistently applied. Having conducted an assessment, we are satisfied that this has been achieved. Our work has not extended to an independent audit of the data.
