Welcome to the ANZ Banking Museum.

Our current exhibition is People & Money: Banking in Australia.

Take a copy of this visitor guide with you to learn more about the exhibition and museum layout. Please return the guide to the attendant before leaving the museum.

About the Exhibition

The exhibition begins with early indigenous economy and traces the development of banking in Australia from the 19th century through today, with a new section featuring banking in the future. A key theme – financial literacy – underpins the exhibition and is illustrated by a unique collection of historic moneyboxes and other banking paraphernalia.
