

Investment Option Summary

ANZ Smart Choice Super - Pental Wholesale Smaller Companies

31 December 2023

Description

This investment option is suitable for investors who want the potential for long-term capital growth and tax-effective income, diversification across a broad range of smaller companies and industries and are prepared to accept higher variability of returns.

Investment return objective

This investment option aims to provide a return (before fees, costs and taxes) that exceeds the S&P/ASX Small Ordinaries (TR) Index over the medium to long term.

Investment strategy

The fund invests primarily in companies outside the top 100 listed on the Australian Securities Exchange. The fund may also invest in equivalent companies listed on the New Zealand Stock Exchange, hold cash and may use derivatives. Pental's investment process for Australian shares is based on its core investment style and aims to add value through active stock selection and fundamental company research.

Pental's core investment style is to select stocks based on its assessment of their long term worth and ability to outperform the market, without being restricted by a growth or value bias. Pental's fundamental company research focuses on valuation, franchise, management quality and risk factors (both financial and non-financial risk).
