HOW WE MEASURE AND COMMUNICATE

TRACKING OF EXTERNAL ESG RATING PERFORMANCE

Context:

Reputation indicators are increasingly being used by investors and analysts to understand our approach to ESG issues and to measure our ESG performance against our peers. We are rated based on our ESG disclosures, analysis of media coverage and, in the case of DJSI, a detailed survey. Indicators are firmly weighted towards governance and how we manage staff and customers.

Outcome:

Reputation indicators for ANZ and other major Australian banks show long-term, mid-range rank among major corporates. Our key weakness, scrutinised in the Royal Commission as our failure to always responsibly deliver products and services, continues to impact our performance although to a lesser extent than 12 months ago. All indicators are consistent.

Relevant ESG target:

Group scorecard, maintain strong performance on Dow Jones Sustainability Index.

SDG BOND FRAMEWORK & ELIGIBLE ASSETS

ANZ SDG BOND PROGRAMME OVERVIEW

ANZ's experience as an issuer in sustainable capital markets

Why issue SDG Bonds?

- The UN Sustainable Development Goals ("SDGs"), launched in 2016, are aimed at solving the world's most pressing challenges ending global poverty, protecting our planet and ensuring human rights by 2030
- ANZ is continuously integrating the SDGs and ANZ is a founding signatory to the UN Principles for Responsible Banking
- As an issuer of SDG Bonds, ANZ is committed to demonstrating our alignment with the SDGs through Use of Proceeds and Impact reporting, in addition to our regular ESG reporting

Key characteristics of ANZ SDG Bonds

- The ANZ SDG Bond Framework ("Framework") is in line with the International Capital Market Association ("ICMA") Green Bond Principles 2018 ("GBP"), Social Bond Principles 2020 ("SBP") and Sustainability Bond Guidelines 2018 ("SBG") and aligned to applicable SDGs
- Payment of interest or principal is not linked to the credit or sustainability performance of the Eligible Assets
- An amount equal to the proceeds is used to finance or refinance a pool of ANZ loans and expenditures that directly promote the applicable SDGs ("Eligible Assets")
- ANZ adopts a best-in-class assurance approach and provides semi-annual Use of Proceeds reporting and annual Impact reporting

ANZ SDG BOND FRAMEWORK

ANZ SDG Bond Framework

ANZ's Framework adheres to ICMA's four pillars which the SDG Bond Working Group is operationally accountable for:

1. USE OF PROCEEDS

- Project Finance loans, Corporate loans and ANZ expenditures aligned to the Eligible Categories
- Select labelled green, social or sustainability loans which align to the SDGs

2. PROCESS FOR EVALUATION & SELECTION

- Selected 11 of the 17 SDGs based on ANZ's business activities and operations

3. MANAGEMENT & TRACKING OF PROCEEDS

- ANZ's SDG Bond Working Group monitors the allocation of proceeds on a monthly basis
- Unallocated proceeds: to be invested in cash or Government/Semi-Government securities only

4. REPORTING & DISCLOSURES

- Semi-annual Use of Proceeds reports and annual Impact reports
- Assurance statements, Second Party Opinions and the SDG Bond Framework are available on the ANZ Debt Investor Website

Issuance Formats

ANZ updated the Framework in August 2020 to enhance and streamline processes

- Previously, ANZ had two separate Frameworks, a Green Bond Framework and an SDG Bond Framework
- Upon maturity of the ANZ Green Bond, ANZ sought to consolidate the Frameworks
- The new Framework enables the issuance of Sustainability Bonds, Green Bonds and Social Bonds (collectively referred to as SDG Bonds) under the same governance process, in line with the ICMA principles and guidelines

Selected SDGs

ANZ expanded the Eligible Asset categories from 9 SDGs to 11 SDGs in August 2020. The following SDGs were added:

- SDG 8: Decent Work and Economic Growth
- SDG 15: Life on Land

Targets within each SDG are also identified (refer to the full Framework on the [ANZ Debt Investor Centre](#))

ANZ has currently allocated proceeds to Eligible Assets which fall under 7 of the possible 11 SDGs.
