General Disclosures

This Disclosure Statement has been issued in accordance with the Order.

Credit Rating Information

The Ultimate Parent Bank has three credit ratings, which are applicable to its long-term senior unsecured obligations. The Ultimate Parent Bank's credit ratings are:

Rating Agency	Current Credit Rating	Qualification
Standard & Poor's	AA-	Outlook Stable
Moody's Investors Service	Aa2	Outlook Stable
Fitch Ratings	AA-	Outlook Stable

Guarantors

No obligations of the NZ Branch are guaranteed as at 22 May 2014.

ANZNZ Covered Bond Trust

Certain debt securities (Covered Bonds) issued by the Bank's wholly owned subsidiary, ANZ New Zealand (Int'l) Limited, are guaranteed by ANZNZ Covered Bond Trust Limited (the Covered Bond Guarantor), solely in its capacity as trustee of ANZNZ Covered Bond Trust. The Covered Bond Guarantor has guaranteed the payment of interest and principal of Covered Bonds with a carrying value as at 31 March 2014 of \$3,828 million, pursuant to a guarantee which is secured over a pool of assets. The Covered Bond Guarantor's address for service is Level 35, 48 Shortland Street, Auckland, New Zealand. The Covered Bond Guarantor is not a member of the Banking Group and has no credit ratings applicable to its long term senior unsecured obligations payable in New Zealand dollars. The Covered Bonds have been assigned a long term rating of Aaa and AAA by Moody's Investors Service and Fitch Ratings respectively. Details of the pool of assets that secure this guarantee are provided in Note 7.

Notes to the Financial Statements

1. Significant Accounting Policies

(i) Reporting entity and statement of compliance

These interim financial statements are for ANZ New Zealand for the six months ended 31 March 2014. They have been prepared in accordance with New Zealand Generally Accepted Accounting Practice as appropriate for profit oriented entities, the requirements of NZ IAS 34 *Interim Financial Reporting*, IAS 34 *Interim Financial Reporting* and the Order, and should be read in conjunction with ANZ New Zealand's financial statements for the year ended 30 September 2013.

(ii) Basis of measurement

These financial statements have been prepared on a going concern basis in accordance with historical cost concepts except that the following assets and liabilities are stated at their fair value:

- derivative financial instruments, including in the case of fair value hedging, the fair value of any applicable underlying exposure;
- financial instruments held for trading;
- financial assets treated as available-for-sale; and
- financial instruments designated at fair value through profit and loss.

(iii) Changes in accounting policies

ANZ New Zealand has applied the following new accounting standards and amendments in the preparation of these financial statements:

- NZ IFRS 10 *Consolidated Financial Statements*;
- NZ IFRS 13 *Fair Value Measurement*;
- NZ IAS 19 *Employee Benefits* (amended 2011);
- NZ IAS 28 *Investments in Associates and Joint Ventures* (amended 2011); and
- NZ IAS 34 *Interim Financial Reporting* (consequential amendments).

Adoption of these standards has not resulted in any material change to ANZ New Zealand's reported result or financial position.

NZ IAS 19 has been applied retrospectively, in accordance with transitional provisions, with the net impact of initial application recognised in retained earnings as at 30 September 2012 and shown in the statement of changes in equity. The balances of payables and other liabilities and the associated deferred tax asset have been restated for subsequent periods.

Amendments to NZ IAS 34 require certain fair value disclosures which have been included in Note 12, however comparative information is not required in the first year of application.

(iv) Presentation currency and rounding

The amounts contained in the financial statements are presented in millions of New Zealand dollars, unless otherwise stated.

(v) Comparatives

In addition to restatements resulting from the initial application of NZ IAS 19, certain amounts in the comparative information have been reclassified to ensure consistency with the current year's presentation. Further information on changes to comparative information is included in note 16.

(vi) Principles of consolidation

The consolidated financial statements of ANZ New Zealand comprise the financial statements of the NZ Branch and all the New Zealand businesses of all the subsidiaries of the Ultimate Parent Bank (those entities where it is determined that the Ultimate Parent Bank has capacity to control).

Notes to the Financial Statements

3. Segmental Analysis

ANZ New Zealand is organised into four major business segments for segment reporting purposes - Retail, Commercial, Wealth and Institutional. Centralised back office and corporate functions support these segments. These segments are consistent with internal reporting provided to the chief operating decision maker, being the Bank's Chief Executive Officer.

Segmental reporting has been updated to reflect minor changes to ANZ New Zealand's structure. Comparative data has been adjusted to be consistent with the current period's segment definitions.

Retail

Retail provides products and services to personal customers via the branch network, mortgage specialists, the contact centre and a variety of self service channels (internet banking, phone banking, ATMs, website and mobile phone banking). Core products include current and savings accounts, unsecured lending (credit cards, personal loans and overdrafts) and home loans secured by mortgages over property. Retail distributes insurance and investment products on behalf of the Wealth segment.

Commercial

Commercial provides services to Business Banking, Commercial & Agri, and UDC customers. Business Banking

services are offered to small enterprises (typically with annual revenues of less than \$5 million). Commercial & Agri customers consist of primarily privately owned medium to large enterprises. ANZ New Zealand's relationship with these businesses ranges from simple banking requirements with revenue from deposit and transactional facilities, and cash flow lending, to more complex funding arrangements with revenue sourced from a wider range of products. UDC is principally involved in the financing and leasing of plant, vehicles and equipment, mainly for small and medium sized businesses, as well as investment products.

Wealth

Wealth comprises the Private Wealth, Funds Management and Insurance businesses, which provide private banking, investment, superannuation and insurance products and services.

Institutional

Institutional provides financial services through a number of specialised units to large multi-banked corporations, often global, which require sophisticated product and risk management solutions. Those financial services include loan structuring, foreign exchange, wholesale money market services and transaction banking.

Other

Other includes treasury and back office support functions, none of which constitutes a separately reportable segment.

Profit / (loss) after income tax	379	701	81	284	(76)	1,369

¹ Intersegment transfers are accounted for and determined on an arm's length or cost recovery basis.

² Wealth external revenues for the six months to 31 March 2014 includes the \$91 million insurance settlement relating to the Bank's former involvement in the ING Diversified Yield fund and the ING Regular Income Fund.

³ This segment has negative external revenues as this segment incurs funding costs on behalf of ANZ New Zealand and is reimbursed internally.

Credit quality of financial assets that are past due but not impaired

A large portion of retail credit exposures, such as residential mortgages, are generally well secured. That is, the fair value of associated security should be sufficient to ensure that ANZ New Zealand will recover the entire amount owing over the life of the facility and there is reasonable assurance that collection efforts will result in payment of the amounts due in a timely manner.

ANZNZ Covered Bond Trust (the Covered Bond Trust)

Substantially all of the assets of the Covered Bond Trust are made up of certain housing loans and related securities originated by the Bank which are security for the guarantee by ANZNZ Covered Bond Trust Limited as trustee of the Covered Bond Trust of issuances of covered bonds by the Bank, or its wholly owned subsidiary ANZ New Zealand (Int'l) Limited, from time to time. The assets of the Covered Bond Trust are not available to creditors of the Bank, although the Bank (or its liquidator or statutory manager) may have a claim against the residual assets of the Covered Bond Trust (if any) after all prior ranking creditors of the Covered Bond Trust have been satisfied.

ANZ New Zealand continues to recognise the assets of the Covered Bond Trust on its balance sheet as, although they are pledged as security for covered bonds, the Bank retains substantially all the risks and rewards of ownership.

For calculation of minimum capital requirements under Pillar 1 (Capital Requirements) of the Basel Accord, APRA has accredited the Overseas Banking Group to use the Advanced Internal Ratings Based (AIRB) methodology for calculation of credit risk weighted assets and the Advanced Measurement Approach (AMA) for the operational risk weighted asset equivalent.

Under prudential regulations, the Overseas Banking Group is required to maintain a Prudential Capital Ratio (PCR) as determined by APRA. The Overseas Banking Group exceeded the PCR set by APRA as at 31 March 2014 and for the comparative prior periods.

The Overseas Banking Group is required to publicly disclose Pillar 3 financial information as at 31 March 2014. The Overseas Banking Group's Pillar 3 disclosure document for the quarter ended 31 March 2014, in accordance with APS 330: *Public Disclosure of Prudential Information*, discloses capital adequacy ratios and other prudential information. Market risk

ANZ New Zealand's aggregate market risk exposures below have been calculated in accordance with the RBNZ document BS2B. The peak end-of-day market risk exposures are for the half-year ended 31 March 2014.

Residential mortgages by loan-to-valuation ratio

As required by the RBNZ, LVRs are calculated as the current exposure secured by a residential mortgage divided by ANZ New Zealand's valuation of the security property at origination of the exposure. Off balance sheet exposures include undrawn and partially drawn residential mortgage loans as well as commitments to lend. Commitments to lend are formal offers for housing lending which have been accepted by the customer. For this financial period, ANZ New Zealand has altered the banding of exposures in the LVR table below to align presentation with the new RBNZ LVR commitment reporting. Updated corresponding amounts as at 30 September 2013 have been provided for comparative purposes.

11. Financial risk management

Concentrations of credit risk

Concentrations of credit risk arise when a number of customers are engaged in similar business activities or activities within the same geographic region, or when they have similar risk characteristics that would cause their ability to meet contractual obligations to be similarly affected by changes in economic or other conditions.

Analysis of financial assets by industry sector is based on Australian and New Zealand Standard Industrial Classification (ANZSIC) codes.

Funding Composition

ANZ New Zealand actively uses balance sheet disciplines to prudently manage the funding mix. ANZ New Zealand employs funding metrics to ensure that an appropriate proportion of its assets are funded from stable sources, including customer liabilities, longer-dated wholesale debt (with remaining term exceeding one year) and equity.

Analysis of funding liabilities by industry sector is based on ANZSIC codes.

Contractual maturity analysis of financial assets and liabilities

The following tables present ANZ New Zealand's financial assets and liabilities within relevant contractual maturity groupings, based on the earliest date on which ANZ New Zealand may be required to realise an asset or settle a liability. The amounts disclosed in the tables represent undiscounted future principal and interest cash flows and may differ to the amounts reported on the balance sheet.

The contractual maturity analysis for off-balance sheet commitments and contingent liabilities has been prepared using the earliest date at which ANZ New Zealand can be called upon to pay. The liquidity risk of credit related commitments and contingent liabilities may be less than the contract amount, and does not necessarily represent future cash requirements as many of these facilities are expected to be only partially used or to expire unused.

ANZ New Zealand does not manage its liquidity risk on this basis.

12. Fair Value Measurements

Financial assets and financial liabilities not measured at fair value

Below is a comparison of the carrying amounts as reported on the balance sheet and fair value of financial asset and liability categories other than those categories where the carrying amount is at fair value or considered a reasonable approximation of fair value:

Unaudited \$ millions	31/03/2014

¹ Fair value hedging is applied to certain financial instruments within these categories. The resulting fair value adjustments mean that the carrying value differs from the amortised cost.

² Includes commercial paper designated at fair value through profit or loss of \$5,401 million.

Financial assets and financial liabilities measured at fair value in the balance sheet

ANZ New Zealand uses a valuation method within the following hierarchy to determine the carrying amount of assets and liabilities held at fair value, all of which are recurring fair value measurements. There are no assets or liabilities measured at fair value on a non-recurring basis.

Level 1 - Quoted market price

Where an active market exists fair value is based on quoted market prices for identical financial instruments. The quoted market price is not adjusted for any potential impact that may be attributed to a large holding of the financial instrument.

Level 2 - Valuation technique using observable inputs

In the event that there is no quoted market price for the instruments, fair values are based on present value estimates or other market accepted valuation techniques which include data, including interest and exchange rates, from observable markets wherever possible.

Level 3 - Valuation technique with significant non observable inputs

ANZ New Zealand holds units in an unlisted fund which does not trade in an active market. The fair value of these units is based on the estimated cashflows from the realisation of the underlying assets.

ANZ New Zealand recognises transfers between Level 1, Level 2 and Level 3 as of the beginning of the reporting period during which the transfer has occurred. There have been no transfers between levels during the period.

13. Concentrations of Credit Risk to Individual Counterparties

ANZ New Zealand measures its concentration of credit risk in respect to bank counterparties on the basis of approved exposures and in respect to non-bank counterparties on the basis of limits.

For the six months ended 31 March 2014 there were no individual counterparties, excluding connected parties, governments and banks with long term credit ratings of A- or above, where ANZ New Zealand's period end or peak end-of-day credit exposure equalled or exceeded 10% of the Overseas Banking Group's equity as at the end of the period.

This credit exposure information does not include exposures to counterparties if they are booked outside New Zealand.

14. Insurance business

ANZ New Zealand conducts insurance business through its subsidiaries OnePath Life (NZ) Limited and OnePath Insurance Services (NZ) Limited. The aggregate amount of insurance business in this group comprises assets totalling \$787 million (31/03/2013 \$793 million; 30/09/2013 \$779 million), which is 0.6% (31/03/2013 0.6%; 30/09/2013 0.6%) of the total consolidated assets of ANZ New Zealand.

15. Credit Related Commitments, Guarantees and Contingent Liabilities

Total guarantees and contingent liabilities	2,333	1,757	2,201

ANZ New Zealand guarantees the performance of customers by issuing standby letters of credit and guarantees to third parties, including its Ultimate Parent Bank. To reflect the risk associated with these transactions, they are subjected to the same credit origination, portfolio management and collateral requirements as for customers that apply for loans. The contract amount represents the maximum potential amount that could be lost if the counterparty fails to meet its financial obligations. As the facilities may expire without being drawn upon, the notional amounts do not necessarily reflect future cash requirements.

Other contingent liabilities

In December 2013, the Commerce Commission announced that it intended to file proceedings against the Bank (and two other banks) under the Fair Trading Act 1986 in relation to the sale of interest rate swaps to rural customers. On 2 April 2014, the Commission stated that it anticipates making a further announcement in mid-2014 after it has progressed discussions with each bank. The potential outcome of any proceedings which may be issued cannot be determined with any certainty at this stage.

In June 2013, litigation funder Litigation Lending Services (NZ) Limited filed a representative action against the Bank regarding certain fees charged to New Zealand customers. The potential outcome of this litigation cannot be determined with any certainty at this stage.

The Banking Group has other contingent liabilities in respect of actual and possible claims and court proceedings. An assessment of the Banking Group's likely loss in respect of these matters has been made on a case-by-case basis and provision made where deemed necessary.

Notes to the Financial Statements

16. Changes to comparatives

Certain amounts in the comparative information have been reclassified to conform with current period financial statement presentations.

During the period, the classification of the balance sheet has been changed to reflect the nature of the financial assets and liabilities reported. Prior to the reclassification, the balance sheet was classified according to counterparty. This has resulted in the following changes to previously reported balance sheet classifications. Minor changes in the overall total assets and total liabilities have also occurred due to the adoption of IAS19 *Employee Benefits* and to gross up net insurance assets for the present value of reinsurance premiums payable.

Associated amounts in the income statement, statement of comprehensive income and cash flow statement have been restated accordingly, and the impact of the changes to these statements is not material.

Independent Auditor's Review Report

To the Directors of Australia and New Zealand Banking Group Limited – New Zealand Branch

We have reviewed pages 3 to 21 of the interim financial statements of Australia and New Zealand Banking Group Limited – New Zealand Branch and its related entities (ANZ New Zealand) prepared and disclosed in accordance with the Registered Bank Disclosure Statements (Overseas Incorporated Registered Banks) Order 2014 (the Order) and the supplementary information prescribed in Schedules 3, 5, 7, 9, 10, 12 and 14 of the Order. The interim financial statements, and supplementary information, provide information about the past financial performance and cash flows of ANZ New Zealand and its financial position as at 31 March 2014.

Directors' responsibility for the disclosure statement

The Directors of Australia and New Zealand Banking Group Limited - New Zealand Branch are responsible for the preparation and presentation of the Disclosure Statement, which includes interim financial statements prepared in accordance with Clause 26 of the Order which give a true and fair view of the financial position of ANZ New Zealand as at 31 March 2014 and its financial performance and cash flows for the six months ended on that date. The Directors are also responsible for such internal controls as the Directors determine are necessary to enable the preparation of the Disclosure Statement that is free from material misstatement, whether due to fraud or error.

They are also responsible for the preparation of supplementary information in the Disclosure Statement which fairly states the matters to which it relates in accordance with Schedules 3, 5, 7, 9, 10, 12 and 14 of the Order.

Reviewer's responsibility

We are responsible for reviewing the interim financial statements and the supplementary information, disclosed in accordance with Clause 26, Schedules 3, 5, 7, 9, 10, 12 and 14 of the Order and presented to us by the Directors.

We are responsible for reviewing the interim financial statements (excluding the supplementary information) in order to report to you whether, in our opinion on the basis of the procedures described below, anything has come to our attention that would cause us to believe that the interim financial statements have not been prepared, in all material respects, in accordance with New Zealand Equivalent to International Accounting Standard 34 (NZ IAS 34): *Interim Financial Reporting* and do not present a true and fair view of the financial position of ANZ New Zealand as at 31 March 2014 and its financial performance and cash flows for the six months ended on that date.

We are responsible for reviewing the supplementary information (excluding the supplementary information relating to capital adequacy) in order to report to you whether, in our opinion on the basis of the procedures described below, anything has come to our attention that would cause us to believe that the supplementary information does not fairly state the matters to which it relates in accordance with Schedules 5, 7, 10, 12 and 14 of the Order.

We are responsible for reviewing the supplementary information relating to credit and market risk exposures and capital adequacy in order to state whether, on the basis of the procedures described below, anything has come to our attention that would cause us to believe that the information disclosed in accordance with Schedule 9 is not in all material respects prepared in accordance with the *Capital Adequacy Framework (Standardised Approach)* (BS2A); and disclosed in accordance with Schedule 9 of the Order.

We have performed our review in accordance with the review engagement standard RS-1: *Statement of Review Engagement Standards* issued by the External Reporting Board. A review is limited primarily to enquiries of ANZ New Zealand personnel and analytical review procedures applied to the financial data, and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

KPMG has also provided other audit related services to ANZ New Zealand. In addition, certain partners and employees of our firm may also deal with ANZ New Zealand on normal terms within the ordinary course of trading activities of ANZ New Zealand. These matters have not impaired our independence as auditors of ANZ New Zealand. We have no other relationship with, or interest in, ANZ New Zealand.

Review opinion

We have examined the interim financial statements including the supplementary information and based on our review, which is not an audit, nothing has come to our attention that causes us to believe that:

- a. the interim financial statements (excluding the supplementary information) have not been prepared, in all material respects, in accordance with NZ IAS 34: *Interim Financial Reporting* and do not present a true and fair view of the financial position of ANZ New Zealand as at 31 March 2014 and its financial performance and cash flows for the six months ended on that date;
- b. the supplementary information prescribed by Schedules 5, 7, 10, 12 and 14 of the Order does not fairly state the matters to which it relates in accordance with those Schedules; and
- c. the supplementary information relating to credit and market risk exposures and capital adequacy prescribed by Schedule 9 of the Order, is not in all material respects prepared in accordance with *Capital Adequacy Framework (Standardised Approach)* (BS2A), and disclosed in accordance with Schedule 9 of the Order.

Our review was completed on 22 May 2014 and our review opinion is expressed as at that date.
