**Multiple Authorisation** – process whereby a payment transaction submitted through ANZ Internet Banking must be authorised by the same number of Authorised Users who are Account Signatories of the relevant account as mandated by the Account Authority held by ANZ. As such, Authorised User shall not include any person who has been nominated as a Business Administrator Level 2 and Level 3 or a Business Operator appointed using ANZ Internet Banking.

This is the maximum limit (per transaction) that applies to transactions authorised using ANZ Internet Banking. The existing default Authorisation Limit will apply, unless nominated otherwise below. The Authorisation Limit is the lesser value of the Account Limit or the lowest limit granted to the Authorised User under each account referred to in section 3 as per the Account Authorities held by ANZ. #### Note:

Each Authorised User listed below **must** complete the ANZ Internet Banking Authorised User Registration form. For security reasons, send each form to ANZ separately.

ANZ may also require Business Operators to satisfy ANZ's customer identification and verification requirements from time to time.

Except where Multiple Authorisation is required, the Access Level, the Function Level and any limits that apply for transactions initiated or authorised by an Authorised User using ANZ Internet Banking will limit the Authorised User's operation of ANZ Internet Banking only and may differ from the level of authority granted to that person for functions or transactions conducted not using ANZ Internet Banking.
